## INTRODUCTORY

---

ON the pages following we have illustrated sterling silver souvenir spoons representing subjects of interest throughout the United States and Mexico, also apostle, birthday, city, state, floral, fruit, college and lodge spoons.

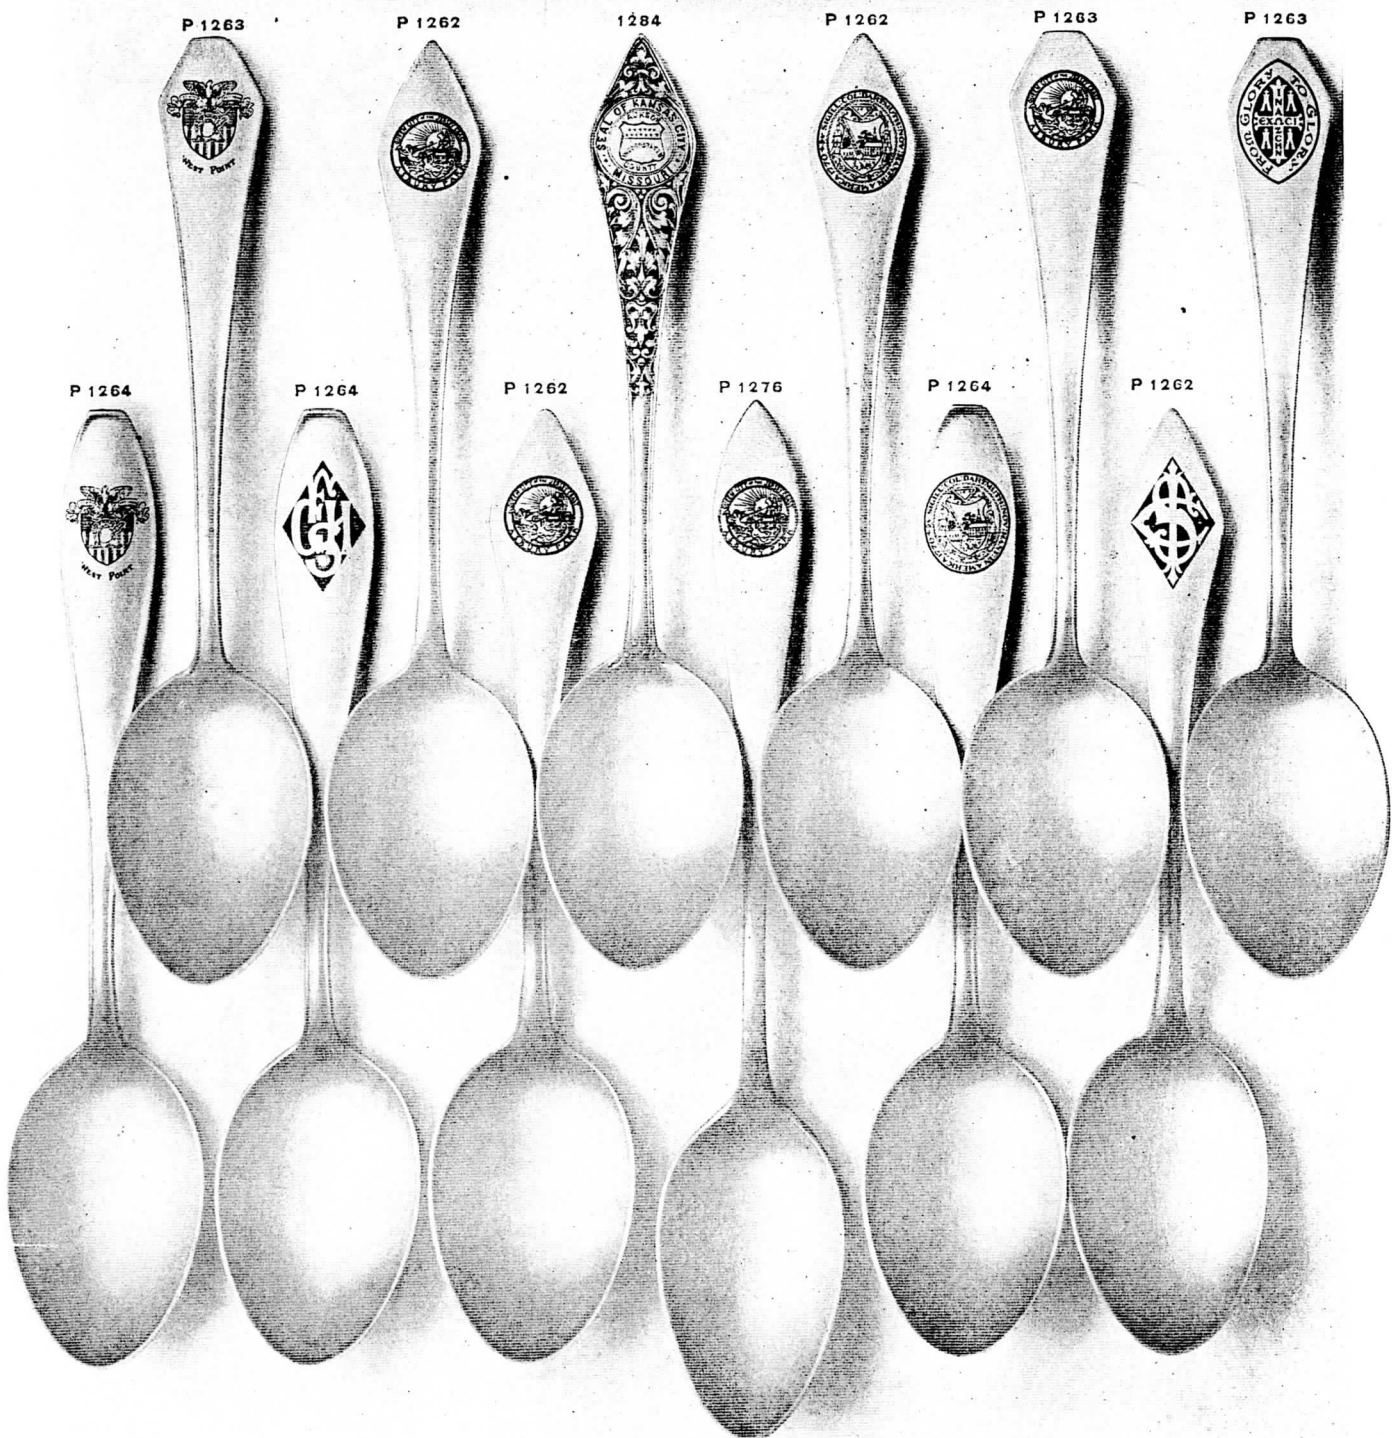

Using our handle patterns in connection with our collection of bowl-die, etching, painting and engraving subjects, every dealer may originate unique and attractive souvenirs for his locality.

The possibilities with our line, grown to its extensive proportions, are unlimited.

Not only are our spoons by reason of deep, fine die cutting creditable reproductions of the subjects employed but are well made, good weight and serviceable.

The above illustrations are suggestions for college and school spoons.

A seal, monogram or coat of arms may be etched on these colonial patterns producing unique and inexpensive souvenirs.

A view of the college or school building, etched or embossed in the bowl, at our standard additional prices, makes a most striking souvenir.

No subject can be etched in less than dozen lots.
